Subject: Tandberg equipment & installation services

We are seeking quotes for Tandberg equipment/components, installation and training services and first year warranty to be purchased off of the Alabama Joint Purchasing Agreement (ALJP) 2007 state master contract for the purpose of obtaining distance learning equipment for our schools and to file for E-rate funding in the 2008 Funding Year. If you are interested in providing a quote to Montgomery Public Schools and are able to provide a combined solution you will need to provide a quote/Item 21 for the following equipment or requirement (include installation, first year warranty, and training):

<u>Quantity</u>	<u>Description of Requirement or Model</u>
1	Mobile Classroom Unit - Mediaplace 990 MXP with Presenter Package & Multisite Option, & 2 Mbps Option, or comparable solution

Also, quote the percentage (%) off of the list price identified in the ALJP contract for any equipment not listed, in the event additional requirements are identified.

All quotes must be provided in Item 21 format, ready for E-rate filing, must clearly identify any equipment or portions ineligible for E-rate funding, and must be submitted via email to arrive not later 4:00 p.m. on [REDACTED]. Quotes/Item 21s received after this time or that are not ready for E-rate filing will not be accepted. All quotes must remain valid until a decision on the E-rate funding request is rendered or the vendor is informed we do not intend to proceed with the purchase.

After [REDACTED] Montgomery Public Schools will select a single vendor that is able to best meet the district's needs and able to provide a combined solution from the ALJP 2007 contract for the requested Tandberg equipment/components, first year warranty, and installation and training services. Evaluation criteria that may be used to select a vendor are: Price (the primary factor), technical expertise, experience, management plan, ability to meet our requirements, etc.

Please contact me in writing, via email, if you have any questions.

Thank you,

Dear Customers

This letter will serve as our intent to participate in providing a quote for equipment and installation services that are on State Master Contract (ALJP2007). We will be happy to perform free site surveys for all sites to help identify requirements and develop detailed bill of materials for your Year 11 Erate application. Each bill of materials will be formatted in an Item 21 format, clearly identifying eligible and ineligible products and services and any required cost allocations per Erate rules.

Information Transport Solutions, Inc. is an employee owned company with a focus on information technology engineering and outstanding customer service. We have been a service provider in good standing with Schools and Libraries Division of USAC since 1998 and providing equipment and networking services to schools in Alabama since 1997. In the past ten years we have provided over \$30M in goods and services to school districts throughout Alabama utilizing Erate funds. Our total funded Internal Connections projects since 2004 are just under \$20M.

What does this mean to you? ITS clearly understands and adheres to SLD rules. Upon completion of all projects we provide detailed asset registers (including make, model, serial number, and location) and asset tags (include the 471# and FRN#) for all sites to facilitate the tracking of equipment purchased with SLD funding. In addition, we provide diagrams that clearly show how equipment is actually connected and used. Each of these items is required documentation if you are ever audited.

Attached below is a package that contains; K12 references in Alabama, Erate SPIN #, company certifications and specializations and proof of funded erate internal Connections business, in order to participate.

Thank you for the opportunity to do business with your school district. Information

Sincerely,

Tomi J. Selby
